integrativeRenew the Body and Mind

The vision of Ghost Ranch is "A community for the Spirit for rest, re-creation, and renewal". In that spirit, The Ghost Ranch Bodywork Program , with the commitment of each therapist, helps promote health and wholeness. Bodywork and Personal Growth

The Ghost Ranch Bodywork Program: Nationally certified, licensed massage therapists offer massage, integrative bodywork and spa treatments daily. When at Ghost Ranch in Abiquiu, you may pick up a brochure, read about the therapists and treatments available and make an appointment (with a \$25 deposit/\$50 deposit for herbal body wraps) in the front office. Payment balance is made directly to the massage therapist by cash or check only.

Our Sessions

Our sessions have a Swedish format and integrate elements from many other bodywork modalities to address each client's needs. An average session is typically between 60 to 75 minutes in length, and is held at our Bodywork space in Corral Block #18 and 19.

We welcome you to our sacred space whether you come as a hesitant first-timer or a bodywork connoisseur.
