

Education & Retreat Center

Dear Ghost Ranch Friends,

I am delighted that you have registered for our workshop, *Prophetic Action: A Journey in Love*. I am looking forward to our time together. We will be exploring the prophetic tradition, both in the Hebrew Bible and in contemporary liberation writers, and applying these insights directly to the great societal challenges that we all face. I am hoping that our learning together will provide you with perspectives that are helpful, and even inspiring, as applied to both your personal life and your involvement in social justice ministry.

You might want to read my book, *The Liberating Path of the Hebrew Prophets: Then and Now*, but prior reading of the book is not necessary for our workshop. You can learn about the book at [RabbiNahum.com](http://RabbiNahum.com).

In our morning sessions we will explore major prophetic themes through text study, conversation, experiential exercises and meditation. For some of our evening sessions my wife Shelley and I are reaching out to artists and activists who are doing prophetic work and might like to present to our group about their work.

I am looking forward to a rich learning experience together.

Look forward to being with you soon,

Nahum
