

GHOST RANCH

Pottery: High Fire Glazes **G2201013**

Barbara Campbell

October 16 - 22, 2022

This will be a seminar using cone 10 porcelain clay. It will not be a pure porcelain but will have most of the qualities of a fine porcelain clay body. We will be experimenting with hand-built forms, wheel thrown forms and working with traditional Celadon glazes as well as ox blood or copper red reduction glazes. Come with ideas of surface texture, and simple flowing forms. All levels are welcome.
