March 24-30, 2024

This mosaic course is an opportunity to engage in a visual conversation regarding our care of all that surrounds us. Issues of social justice are complex, but even small steps of compassion can make a difference for our sisters and brothers globally. We will take time during the week to see examples of modern mosaic art that contribute to the narrative of reconciliation and healing.

Demonstrations and one-on-one instruction will guide you through using a variety of materials consisting of miscellaneous glass, ceramic, stone and other random objects. Registration includes a mosaic kit with a wood panel, handouts, non-toxic glue, and mortar adhesive in addition to the assorted items. Shared tools will be available for use as well.

Find out what is new in this captivating art form and learn a bit of history too. This is your week, and I am honored you are spending your precious time and resources to explore mosaics with me. Open to anyone over the age of 16 – no experience necessary!

Please send a short “Got it!” to [kathy@thadenmosaics.com](mailto:kathy@thadenmosaics.com) so I know you have the info for our workshop and please let me know if you have any questions!

This course will meet Monday – Thursday mornings 9:00am-Noon and evenings 6:30-8:00pm. Friday morning we will wrap up and close the week with a Friday evening Art Show. Plan to visit the Magic Place Art Instructor sale during the week as well! Open Studio time will be available most afternoons.
