Hey Family!

Welcome to the Ghost Ranch Arts and Adventure Program! We are thrilled to have you join us for this exciting 5-day experience that combines creativity, exploration, and the beauty of the Ranch.

Over the next few days, you'll immerse yourselves in the world of art, engaging in papermaking, fiber arts, and journal creation while also hiking, kayaking, and camping in the backyard of New Mexico.

This program is designed to inspire you to dream big, experiment with new techniques, and connect deeply with both your artistic expression and the natural environment.

Get ready to make new friends, share stories around the campfire, and create unforgettable memories. We can't wait to see the incredible artwork you'll bring to life and to hear about your experiences along the way.

Thank you for being here—let the adventure begin!

With excitement,

Chauncey F.
