with Kelley Ruppert

September 26-28 2025

Hello! Welcome to Women's Intro to Fly Fishing. In this workshop, we will learn about trout and how to catch them! We will cover a range of topics from fly selection, equipment, casting techniques, safety on the river and much more. Beginners will leave with the fundamental foundations of fly fishing that can be built upon, while those with more experience will increase their skill level and become more confident anglers. I look forward to meeting each of you and being a part of your fly fishing journey.

Please feel free to get in touch with me at kelley@mayflyflyfishing.com if you have any questions!

Thank you,

Kelley
