with Sean Hudson

July 13-19, 2025

Hello Friends,

Welcome to Comprehensive Landscape in Watercolor. I look forward to meeting and painting with you this Summer! In this seven-day course, we'll focus on fundamental drawing and painting techniques, employing color theory to create more inviting and engaging scenes, and compositional considerations for enhancing your unique vision of the New Mexican landscape. Each topic will include demonstrations, hands-on exercises, and plenty of time for painting, both in the studio and outside, en plein air. Beginners will gain a wealth of knowledge and experience, while advanced painters will learn to expand upon their sensibilities of light, space, and style.

Please feel free to reach out with any questions you might have.
