December 1-5, 2025

Welcome to Incarnation: An Ecofeminist Advent Retreat at Ghost Ranch.

In this retreat we will use a variety of practices to deepen relationship with the Divine, with the earth, and with ourselves in order to discern how each of us is being invited to show up in the world at this time. This will be an active, participatory retreat. Come prepared to use your imagination, create, move, reflect, and rest in the stunning landscape of Northern New Mexico. There will be time for individual meditation and sharing in community. We will contemplate the biblical Advent scriptures, focusing on Mary and her kinswoman, Elizabeth. And we will explore the idea of incarnation—the Divine embodied in us and our world—broadly for what that means for us.

I look forward to journeying through these Advent days with you. Please feel free to email me if you have any questions.

Blessings,

Chris Ng
