

Welcome

Color & Composition

with Sean Hudson

Hello Friends,

Welcome to Color & Composition. I'm excited to paint with you! In this workshop, we'll take a deep dive into the world of color, learning to see it in nuanced ways and applying that knowledge directly to landscape painting. You'll discover how color can function as both an expressive and structural tool, helping you create paintings that reflect your own style and vision.

We'll also focus on compositional strategies that strengthen your interpretation of the New Mexican landscape. Working both in the studio and outdoors - en plein air, beginners will gain essential skills and confidence, while advanced painters will deepen their understanding of light, space, and mood.

Feel free to reach out with questions - sean@magicskywatercolor.com

See you soon,
Sean
