

## Look Closer: Watercolor Cloudscapes &

Botanicals

G26050403

with Jean Cate

May 29-June 1, 2026

Hi Students,

I am looking forward to teaching "Look Closer" Watercolor Cloudscapes + Botanicals at Ghost Ranch this spring. I learned how to watercolor paint during a visit to Ghost Ranch as a teenager and taught this watercolor course at Ghost Ranch in 2025, so I'm thrilled to come back and lead this retreat for the second year.

This workshop is flexible, open to beginner, intermediate, and advanced watercolor painters. Our full instruction days will take place on Saturday and Sunday, with plein air demonstration sessions and in-studio painting and instruction, as well as open studio landscape, botanical and intuitive painting.

Beginners will gain knowledge and practice, while more advanced painters will have the opportunity to expand their painting practice. I'm so excited to see you soon!

Please feel free to reach out with any questions you may have.
